### How do the plans work?

**Network Plus and Select 15 Prepaid** covers preventive care and other dental procedures as listed in your plan when you're treated by your selected primary care dentist. If your dentist decides you need more specialized treatment, you'll be referred to a participating specialist. With the Network Plus plan, copayments apply at both the participating general dentist and specialist. With the Select 15 plan, the participating specialist's fees will be discounted at 25 percent. General dentistry and specialty services are available only in areas where Humana has a participating general dentist and/or specialist.

**Preferred Plus DPPO and Schedule B** covers preventive care and other dental procedures as listed in your plan when you're treated by any dentist you choose. But with the Preferred Plus DPPO plan, a greater portion of your dental expenses will be covered for treatment performed by an in-network dentist who has agreed not to balance bill above their contracted fees. You'll be responsible for deductibles and there are benefit maximums.

### Do I have to file a claim form?

**Network Plus Prepaid and Select 15 Prepaid:** No, all treatment will be coordinated by your primary care dentist. You're only responsible for the co-payment listed on the benefit schedule.

**Preferred Plus DPPO and Schedule B:** Yes, you must submit a claim form to be reimbursed for your dental expenses. Most Preferred Plus DPPO dentists will agree to file the claim form on your behalf.

#### Submit claim forms to:

#### Predetermination

If Covered Dental Expenses for a procedure are expected to be more than \$200, it's recommended that you send a Dental Treatment Plan before beginning treatment. You and/or your dentist will be notified of the benefits payable based upon the Dental Treatment Plan.

*Research shows that gum disease may cause or make worse other health problems such as heart disease, stroke, and diabetes.*

## How do I know which dentist to see?

**Network Plus Prepaid** and **Select 15 Prepaid:** For participating dentist information visit [www.humanadental.com/custom/fl/](http://www.humanadental.com/custom/fl/). Once you enroll in your plan, you'll need to select a primary care dentist by registering at [www.mycompbenefits.com](http://www.mycompbenefits.com).

**Preferred Plus DPPO** and **Schedule B:** You can choose any dentist, however your costs may be lower when you choose an in-network dentist. For a listing of participating DPPO dentists, visit [www.humanadental.com/custom/fl/](http://www.humanadental.com/custom/fl/).

## Does everyone in my family need to use the same dentist?

No, each family member can have a different dentist. For instance, a spouse might choose to a dentist close to a workplace, a dependent college student living away from home (in Florida) might pick a dentist near school, and parents might choose to send their children to pediatric dentists who are more comfortable treating young children. Please note there are Network Plus limitations and exclusions regarding pediatric dentists.
